

JETBLASTER

HIGH PRESSURE WATER BLASTERS

FACTORY 10/6 HOLLOWAY DRIVE, BAYSWATER, VICTORIA 3153
PH: 0397622220 EMAIL: sales@jetblaster.com.au WEBSITE: www.jetblaster.com.au

STATIONARY B3000/21 COLD WATER PRESSURE CLEANER

MADE IN AUSTRALIA

BUILT TO LAST – INDUSTRIAL RATED (MOBILE UNIT)

ONLY QUALITY COMPONENTRY AND WORKMANSHIP TO ENSURE LONG SERVICE LIFE

SPECIFICATIONS

3000 PSI
21 litres per minute
7.5kw Nicolini Motor
14.7 amps
THREE PHASE MACHINE
Dimensions: 700 long x 405 wide x 430 high

MACHINE QUALITIES

- FULLY STAINLESS STEEL FRAME AND COVER for durability and longevity.

- 7.5kw Nicolini (Italian) motor – double flange, totally enclosed fan cooled motor with black epoxy power coated finish to combat environmental corrosion. Soft coupling mechanism connection to drive motor and pump for increased longevity.
- High quality inter pump pump – it is triplex ceramic piston plunger pump, complete with stainless steel valves and solid brass forged nickel plated head with oil induction sight glass.
- “ZERO” line pressure solid brass adjustable unloader valve for increased safety and servicability
- Auto Stop/Start mechanism increasing the ease of operation of the machine and its longevity.
- Stainless steel high quality pressure gauge with glycerine.
- Industrial strength fully welded frame with fully enclosed cover and sides to protect the internals of the machine.
- Built with only recognized high quality components supported by world-wide spare parts back-up
- High pressure hose and quick release coupling system
- 3 meter long power supply lead
- Motor protection by thermal overload
- Complete operator and maintenance manuals
- EASY TO SERVICE AND MAINTAIN

ACCESSORIES INCLUDED:

10mtrs of Double Braid High Pressure Hose

Gun with Swivel

900mm Single Lance

Flat Spray Nozzle

(NOTE: ADDITIONAL ACCESSORIES ARE AVAILABLE UPON REQUEST SUCH AS TURBO NOZZLES, CHEMICAL INJECTORS, ETC. HOSE CAN BE CUT TO ANY LENGTH AS REQUESTED)

12 months manufacturing warranty – conditions apply
